

CCIL All Sovereign Bonds Index (CASBI)

Introduction

The government securities market is considered as the backbone of fixed income securities market and is the prime funding avenue for the government. It serves as a benchmark for portfolio management, an indicator of market performance and development, and also forms the basis for derivative products like options and futures. CASBI index is designed to capture the performance of the bond market due to broad movement of rates across tenors. The index comprises 31 securities spread across all tenors.
